**SECOND INFORMATION DISCLOSURE STATEMENT (IDS)**

Commissioner for Patents

Alexandria, VA 22313-1450

Dear Sir:

Further to the IDS at filing presenting documents based on the ISR, and in accordance with the requirements of 37 CFR §§ 1.56 and MPEP 609, the Applicant through its attorneys and representatives, hereby brings to the attention of the Examiner the documents noted on the attached Form PTO-1449, copies of which are enclosed. This submission is timely in that it is made prior to a first action on the merits.

This will also certify that each item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement. Specifically, a copy of a Search and Examination Report from the SG patent office in a corresponding SG application indicates that WO 2003/079359 is relevant. A foreign language copy of the '359 document was submitted at filing; an English language version of that same document is here provided. The Written Opinion for the SG application was apparently prepared by the Australian Patent Office and discusses the perceived relevance of the '359 publication.

Please take this additional information into account in the initial examination of this application and make its consideration of record, together with the information previously submitted and the information in the background of the specification as filed.

Dated: July 11, 2007

Respectfully submitted,

By

Ronald P. Kananen
